Subject: RE: VRAD checklist screenshot

Chris,

I know these are self-explanatory, but I still wanted to give an short explanation for you all. Attachment 1,3, and 4 are what the tech inputs specific information for the Radiologists and system to direct fax results. Attachment 2 is the status box that notifies the Radiologists that exam is stroke or trauma protocols. Attachment 5 and 6 are chat box examples. I hope these help in developing anything that may help us reduce the amount of phone calls and wait times for call backs across the NovaRad services. Please don't hesitate to call me.

Respectfully,

Nicole L. Buller

Hi, Nicole. It was great meeting you at the Salient meeting last week.

You had mentioned a VRAD checklist to Chris Willey while we were there.
Is it possible you can send us a screenshot of what they use?
We would love to look at this and possibly add a lot of the same functionality.

Thanks!
